1. Background

Panchakot Mahavidyalaya finds itself within the picturesque surroundings near the foothills of "Panchet Pahar" at the northernmost of the district of Purulia. Physically it is located at Sarbari More beside Purulia-Barakar Road on one side and Panchet-Madhukunda Road on the other. The nearest railway station, Madhukunda is about 5 Km. from the Mahavidyalaya. The Campus of the College contains about 8 acres of land on which the tri-radiated two-storied building of about 48000 sq. ft. is located centrally. In fact, the plan of the building is so amazing that it draws visitors frequently. Panchakot Mahavidyalaya is NAAC Accredited & ISO - 9001:2015 | ISO - 14001:2015 Certified. I am very fortunate to be a part of Panchakot Mahavidyalaya, where quality education is provided in addition to social service. It feels great and challenging to work with such dedicated, innovative, energetic and motivated staff members, parents and students. Today, the role of this college is not only to pursue academic excellence but also to motivate, mould and empower our students to be lifelong learners, critical thinkers, and productive members of an ever-changing global arena. We work to provide an atmosphere, an intellectually challenging environment, to our students for multifaceted development, where students are encouraged to channelize their potential in the pursuit of excellence and become innovative thinkers, creative problem solvers and inspired learners prepared to thrive in the twenty-first century. This can only be possible in a holistic, student-centric environment, their talents, skills, and abilities need to be identified, nurtured, and encouraged. Students need to be provided with a platform to think, express, and exhibit their skills. Motivating our students in arising their curiosity to discover the mystery of the world we live in, the college undertakes a great leap in integrating infrastructural development, information and communication technology into the classroom teaching and learning process with special thrust given to enhance imaginative capability as we believe knowledge defines all we currently know and understand whereas imagination points to all we might yet discover and create.

Asansol Girls' College is 'A' accredited by NAAC and prestigious college in the industrial belt of Asansol, Paschim Bardhaman district, West Bengal, India. It offers undergraduate courses in arts, commerce and sciences. It came into existence in 1950 mainly as a result of untiring effort of Dr. Lalit Mohan Sen, the then CSO, mines board of health and his worthy consort Smt. Kamala Sen. The College was initially affiliated to the University of Calcutta. After Burdwan University came into existence, it was affiliated to it. Presently, the college is affiliated to Kazi Nazrul University, Asansol. During the difficult years of its adolescence, the college was fortunate to have Dr. Anjali Roy as its principal. This is a premier college for highest academic standards, different educational programs, grand faculty members, various co-curricular activities and modern infrastructures. The College provides hostel facility to the students from distant places. There are two hostels - Unit I (Anjali) and Unit - II (Nivedita). Today, it has become high-spirited institution for learning.

Panchakot Mahavidyalaya and **Asansol Girls' College** has been engaged in boosting academic excellence individually, but by this joint venture, we believe that such ripples can magnify and multiply the effects many fold. The relationship of these two colleges can go beyond if we work hand-in-hand. Faculty Exchange, Students Exchange and Technology transfer are the key aspects of this interaction. Through this linkage may expect to explore and flourish different opportunities to the students and teachers in their respective fields.
